Authorization for this examiner's amendment was given in a telephone interview with Mr. John Smith on 2/5/2010.

The application has been amended as follows:

In the claims

In Claim 1, line 19, "a column" has been replaced by ---- each respective column-----;

In Claim 1, line 21, "the column" has been replaced by----- each respective column-----;

In Claim 2, "a column" appearing at the end, has been replaced by--- each respective column---;

In Claim 3, "a column" appearing at the end, has been replaced by --- each respective column---;

In Claim 4, line 2, "a column" has been replaced by --- each respective column-----.

Allowable Subject Matter

Claims 1-4 are allowed over the prior art of record.

Examiner's Reasons for Allowance

The following is an examiner's statement of reason for allowance:

Regarding claim 1, the prior art of record neither shows nor suggests an electron multiplier, comprising all the limitations set forth in claim 1, particularly comprising the limitations of a rear edge of each respective column is fixed to the stem plate, wherein the stem plate includes a metallic plate-shaped material structurally configured into a concave shape, the concave shape being filled-in with an insulating sealing member so that each respective column is erected through the stem plate and is embedded in the insulating sealing member, wherein the insulating part, which is configured so as to surround each respective column, is disposed so as to be in direct contact with a top surface of the stem plate.

Claims 2-4 are allowed for same reason as claim 1, for their dependency from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
